Partners in Project Green

A Pearson Eco-Business Zone

Eco-Business defn': improved financial performance through environmental enhancement.

Partners in Project Green aims to create North America's largest eco-business zone, encompassing over 11,000 hectares of industrial and commercial land surrounding Lester B. Pearson International Airport.

Improve your financial and environmental performance by:

- Enhancing resource efficiencies (electricity, natural gas, water and waste).
- Developing by-product exchanges (new revenue streams and reduced environmental costs).
- Improving goods movement (more efficient logistics and reduced emissions).
- Supporting the creation of an integrated, internationally competitive, sustainable business zone.

To better understand your needs and how we can reduce your costs, Partners in Project Green requires your input.

To learn more and offer your input contact [Chris Rickett](#) at TRCA at 416-661-6600, ext., 5316, or via email at crickett@trca.on.ca. Or visit www.partnersinprojectgreen.com
